MEDICINAL.

CHILDREN ought to be brought to a mother's daily care and help her to be strong, capable and cheerful. It is not right for mothers to feel the burden of life growing heavier and heavier year by year because of child-bearing and child-rearing. That shows something is wrong in the mother's physical condition. There is some unnatural weakness in her delicate organism which disqualifies her for motherhood. When this is wrong everything is wrong. A woman's physical life is wrapped up in the special organs of her sex. When these are restored to health and strength the whole woman becomes healthy and strong. Dr. R. V. Pierce of Buffalo, N. Y., has made a life study of this problem of restoring health and strength to women. His "Favorite Prescription" is the most successful remedy that has ever been known for women's peculiar ailments. Its sale exceeds the combined sales of all other medicines for women. It cures the most obstinate uterine diseases. It goes directly to the internal organs which is the real seat of all the troubles. It imparts vigor and health where they are most needed; heals ulceration; stops the weakening drains; promotes regularity; restores muscular power to the ligaments, thus correcting displacements of special organs in the only natural way.

Complete information regarding the "Favorite Prescription" and testimonials from hundreds who have used it, are embodied in this free edition. Address: World's Dispensary Medical Association, Buffalo, N. Y.

MR. BRYAN'S STATEMENT.
At Madison, Wis., last night Mr. Bryan made the following statement to the representative of the United Associated Presses, accompanying him:
"I have not attempted to answer all of the misrepresentations which have been circulated in this campaign, but in these closing days I feel that it is necessary to call your attention to an attack which has recently been made by the enemy.
"I find that the republicans are circulating among Catholic citizens the charge that I am or have been a member of the American Protective Association. I have also learned that I have been accused of being a member of a society which I think is known as the Junior Order of American Mechanics. At the same time I have been accused in other quarters of being opposed to the public school system and of having voted against the teaching of the English language in the public schools of New Mexico.
"While I have attempted to confine my discussion of public issues to the questions raised by my platform and have considered the money question as paramount to all others, I take this opportunity to explain my position upon the religious controversy which has been raised and ask the United Associated Presses to give the matter publicity.
"I am not and never have been a member of the American Protective Association, or of the Junior Order of American Mechanics, or of any other society hostile to any church, religion or race, nor have I ever applied for membership in any such organization. While I am a member of the Presbyterian Church, I have always believed that there should be no religious test applied in the holding of public office and I have not allowed religious differences to affect my conduct in the discharge of the duties of public office.
"I am a believer in the public school system. I attended public schools myself and my children are now attending public schools. While I recognize the right of parents to send their children to private schools and colleges, if they so desire, I believe that the free school must remain a part of our system of government in order that means of education shall be within the reach of every child in the land.
"The democratic members of Congress voted against a proposed amendment to the constitution of New Mexico which compelled the teaching of the English language in the public schools, not because the democrats were opposed to public schools or to the teaching of the English language in such schools, but because they did not deem it necessary or wise to require a pledge from the people of New Mexico which had not been required of the people of the other territories seeking admission.
"I trust that what I now say may reach all of the voters, because it is the only opportunity I shall have of meeting these misrepresentations. I trust that those who support the policies set forth in the democratic platform will not allow themselves to be alienated from my support by any affidavits which may be circulated by political enemies.
"I have tried, so far as I could, to conduct this campaign in an open and honorable way and have insisted that those who are with us should refrain from personal criticism of my opponent and leave the people to pass judgment upon the principles which we represent."

HOW TO VOTE.

In voting for President and Vice President Tuesday, November 3rd, 1896:
1st. Scratch out the names of all the candidates for President and Vice President except those for whom you wish to vote.
2nd. Do not, under any circumstances, scratch the name of any elector on the ticket, but leave them all of every party untouched. This is important.
In voting for member of Congress, scratch out the name of the person for whom you do not wish to vote, leaving only the name of the candidate for whom you desire your ballot to be cast. No name is legally scratched unless the mark extends at least three fourths of the way through it.
These instructions are rendered necessary by the fact that section 8 of the Parker bill, passed by the last legislature, changes the method of voting for President and Vice President by providing that "qualified voters shall designate their preference for any candidate for President and Vice President by scratching the names of the other candidates for President and Vice President."

The Discovery Saved His Life.
Mr. G. Caillouette, Druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We don't keep store or house without it." Get a free trial at E. L. Allen's Drug Store.
Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of blackberry cordial but got no relief. She then sent to me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him the same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful medicine.—Mrs. Mary Sibley, Sidney, Mich. For sale by L. Stabler & Co., Druggists.

A Good Investment.

I suffered from Catarrh three years; it got so bad I could not work; I used two bottles of Elly's Cream Balm and am entirely well. I would not be without it.—A. C. Clarke, 341 Shawmut Avenue, Boston.
If your child is puny, fretful, troubled with glandular swellings, inflamed eyes, or sores on the head, face, or body, a course of Ayer's Sarsaparilla is needed to expel the scrofulous humors from the blood. The sooner you begin to give this medicine the better.
